

GEORGE ALLENBY

R.G. Allenby spent 18 years as a telephone engineer (ranging from an apprentice to a research and development engineer), followed by 27 years in Further Education teaching (ranging from lecturer to Assistant Principal) with responsibility for all engineering courses and engineering- related computer courses.

He is a Chartered Engineer and a current member of the Institute of Engineering Technology (C. Eng, MIET) and has served as an Assistant Examiner for City and Guilds Radio and Television Servicing Courses and as an Assessor for NVQ courses in Engineering Assembly Work.

He is qualified with NATD as a Fellow in Old Time (Classical) and Modern Ballroom and as a Member in Latin American, and has operated several Sequence Dance Clubs and a Ballroom and Latin Dance Class. He's also coached a number of members in various Sequence, Ballroom and Latin Amateur Medals - seven as Associate Ballroom professionals and two to Member Level.

NATD service includes: Secretary of the London Area; Chairman of the London Area; Organisation of the Congress Sequence Ball (when at Worthing); Honorary Member of the NATD Committee of Management and NATD representative on the BDC Teacher's Committee.
